## Our Philosophy

MAX Technical Training has developed an *award-winning* training program designed to provide the computer novice with advanced proficiencies in the most popular business software. Our program:

- teaches up-to-date software skills for the business world
- conducts instructor-led training sessions
- offers enrolled students a broad range of career-related services and resources

Our philosophy is to offer its clients *training only in the areas that they need*. Each set of training recommendations is customized based upon the individual's experience, skills, interests and career objectives. This award-winning training approach allows MAX Technical Training to tie the student's learning directly to their desired field of employment, thus reducing the time and money spent in learning proficiencies which are not beneficial.

MAX Technical Training provides a blended model that includes *instructor-led training* and practice tools, including performance coaching for satisfactory completion. This combination has proven to help our students master application proficiencies in a shorter amount of time.

MAX Technical Training does not discriminate on the basis of race, religion, color, national origin, sex, handicap/disability, sexual orientation, age, or Vietnam era/disabled veteran status in employment or in the application, admission, participation, access and treatment of persons in instructional or employment programs and activities.

## What to Expect From Us

- The staff at MAX Technical Training is credentialed, professional and sincere. Everything we do is done with the utmost honesty and integrity.
- We treat everyone as an individual. We strive to meet our customers' specific needs.
- We strive to do things right, but more importantly, we always choose to do the right thing.

## Training Facility

MAX Technical Training facility is located at:

4900 Parkway Dr., Suite 160  
Mason, OH 45040

## Training Accessibility Plan

MAX Technical Training is committed to making its services accessible to most customers with disabilities who need them. We will work with customers and other third-party services to provide a reasonable accommodation to meet your needs.

If you have a question about the accessibility of any of our services or resources, please contact Patricia Miller, School Director.

## Accreditation

MAX Technical Training has developed a strong track record as a regional source of professional computer instruction. We work hard to maintain the following distinctions:

- Microsoft Partner Silver Learning
- CompTIA
- Approved WIA, BVR, NAFTA, and TANF Training Vendor
- Registered with Ohio State Board of Career Colleges and Schools

## School Calendar

MAX Technical Training operates on a non-traditional term; we do not utilize the conventional academic calendar of quarters or semesters. Our programs range from 6 - 357 hours over a one (1) to fifty (50) week timeframe.

New classes are scheduled as demand warrants and are dependent on enrollment sufficient to meet class size requirements of 4 students or more.

Class times are 9am – 4:30 pm unless otherwise noted on training schedule.

There will be no classes held on the following Holidays:

Memorial Day  
Independence Day

Labor Day  
Thanksgiving Holiday (Thursday and Friday)  
Christmas Day

The school reserves the right to amend the calendar, as it deems necessary.

## **Student Rights**

MAX Technical Training seeks to maintain an environment where students have the following rights:

- *Student Files* – Students have the right to inspect and review their educational records within fifteen (15) days of the day the School receives a request for action in writing. Transcript request included.
- *Expression* - Students can freely examine and exchange diverse ideas in an orderly manner inside and outside the classroom.
- *Association* - Students can associate freely with other individuals, groups of individuals and organizations for purposes which do not infringe on the rights of others.
- *Freedom from Discrimination* - Students can expect to participate fully in the School community without discrimination as to gender, race, creed, national origin, age, disability, religion, or sexual orientation, as defined by federal and state law and School regulations.
- *Safe Environment* - Students can function in their daily activities without unreasonable concerns for personal safety, abuse, exploitation, retaliation and humiliation.
- *Discipline* - Students can expect discipline to be implemented through established procedures containing all elements of due process for the adjudication of charges, and the opportunity for continued School involvement (as appropriate) until the resolution of the charges.
- *Privacy* - Students are free of unreasonable intrusions into personal records and/or matters relevant to training as outlined by MAX Technical Training' Confidentiality of Student Records policy.
- *Grievance Process* - Students have access to established procedures for respectfully presenting and addressing their concerns/complaints to the School.
- *Education* - Students have access to excellent faculty, academic technology, classrooms, libraries, presentations and other resources necessary for the learning process.

- *Prompt Responses from Administration* - Students have the right to expect prompt and courteous responses from the School's academic and administrative departments.
- *Academic and Administrative Policies* - Students can expect academic and administrative policies that support intellectual inquiry, learning, and growth.

## **Non-Discrimination and Diversity Policy**

In all of its activities, MAX Technical Training strives to sustain an open exchange of ideas in an environment that embodies the values of academic freedom, responsibility, integrity, and cooperation; that provides an atmosphere of mutual respect, free from discrimination or harassment on the basis of race, color, religion, national origin, ancestry, sex, age, marital status, familial status, sexual orientation, disability, socioeconomic status, or any other forms of prejudice and intolerance. MAX Technical Training is therefore committed to providing equal access to educational and employment opportunities that promote diversity, foster successful academic experiences, and cultivate the workforce of the next generation.

## **Student Code of Conduct**

In order to ensure the best learning environment possible, students are expected to act in a mature and considerate manner. The following may result in disciplinary action, including suspension or dismissal from the training program, as well as legal proceedings:

- Vandalism or willful damage to any property of the school or any person
- Theft of any property of the school or of any person
- Harassing, physically threatening, or physically or verbally abusing any person at the school, or conducting oneself in a manner endangering the health or safety of any person
- Under the influence, possession, distribution or selling of illicit drugs and/or alcohol
- Possession of firearms and weapons, or any other device which would endanger the health or safety of any person
- Downloading, viewing, or printing objectionable material (as determined by MAX Technical Training) from the Internet
- Downloading and/or installing software to or from MAX Technical Training's computers, or making changes to the system setup or computer settings without instructions, supervision, or permission from a MAX Technical Training representative
- Disruptive classroom or other inappropriate behavior as determined by MAX Technical Training
- Under no circumstances are children, spouses or friends permitted to attend class.

The sanctions below may be imposed upon a student for an infraction of the Code of Conduct. This list is not exhaustive and other sanctions may be imposed if the situation warrants, and as the school deems necessary.

1. Verbal Warning  
An informal discussion about the inappropriate conduct.
2. Disciplinary Warning  
An official written notice to the student of disapproval of the student's conduct which is in violation of the school's rules or regulations.
3. Disciplinary Probation  
A more severe sanction than a warning that includes a period of review and observation during which the student must demonstrate the ability to comply with school rules, regulations, and other requirements stipulated for the probation period.
4. Dismissal  
The inability to comply with the school's rules will result in immediate dismissal. Student conduct endangering the health or safety of any person at the school warrants immediate dismissal.
5. Restitution  
Assessment of charges in an amount not to exceed the damage or loss incurred. Restitution may be required with any sanction when appropriate.

## **Enrollment Procedures**

For an application to one of MAX Technical Training's programs, please contact:

Lisa Slutsky  
Career Manager  
(513) 322-8888, ext. 116

A student may enroll at any time after receiving approval and prior to the start of a new class.

## **Admission Requirements**

Applicants for any described program must:

- Be 18 years of age or older
- Have a high school diploma or GED
- Have a personal interview with school personnel
- Be willing to abide by the School's Code of Conduct

- Be ready, willing, and capable to contribute to the success of their learning
- Be ready, willing, and capable to participate in an active job search campaign
- Complete assessments and testing (as determined by school personnel)

Enrollments are processed in the order they are referred or received with schedules and start dates based on class availability. If students are ineligible for services based on requirements or lack of resources, the referring counselor and or private student will be contacted. Admission approval is reviewed by the Career Manager.

## **Privacy and Release of Student Educational Records**

MAX Technical Training recognizes the importance of keeping accurate, comprehensive student records to facilitate and document the educational development of students as required by law. Procedures for maintaining the confidentiality of student records shall be consistent with state and accrediting agencies.

### **Student Records**

Students have the right to inspect and review their educational records within fifteen (15) days of the day the School receives a written request for action in writing. Transcript requests included.

### **Right to Privacy**

Students are free of unreasonable intrusions into personal records and/or matters relevant to training as described below.

## **Educational Records**

Educational records are those records, files, documents or other materials which contain information directly related to a student that are maintained by any employee or an agent of the School. Excluded from the educational record are records made by School personnel that are the sole possession of the maker and not revealed to any other person. It is our policy to keep the records of MAX Technical Training students confidential. Information about students is shared within the school only as needed for legitimate educational purposes. In addition, MAX Technical Training will not disclose student record information without the student's written consent unless the disclosure is:

- to School officials who have a legitimate educational interest in the records.
- to Federal, State and Local authorities involved in an audit or evaluation of compliance with education programs.
- to accrediting organizations in order to carry out accrediting functions.
- to funding or sponsoring agencies.

- in compliance with a judicial order or lawfully issued subpoena.
- is to appropriate parties in a health/safety emergency.
- related to drug and alcohol violations of students under 21 years of age.

### **Guidelines for the Use and Release of Student Employment Information**

Upon employment, the student further authorizes their current employer to release information to School Personnel regarding the student's employment, including, but not limited to:

- date of hire
- job title
- employer address
- status
- salary
- work number
- software used on the job
- continued employment at both six (6) and twelve (12) month follow-ups

Employment information is used only in the context of reporting to accrediting and/or funding agencies.

### **Cancellation/Rescheduling Policy**

(Absences, tardiness, make-up work, leave, and interruption for unsatisfactory work or attendance)

The delivery of the computer training courses has been planned to allow for a smooth sequence of instruction, each level building on material covered during the previous level. Interruptions in this flow of training can greatly hinder a student's progress and result in low skill acquisition.

- Students are expected to be on time and attend all scheduled classes. Scheduled sessions not attended are considered an absence.
- Students missing a session are required to notify MAX Technical Training in advance - 2 hours prior to class start time.
- Students are responsible for material covered in missed sessions in certain programs. Missed classes are not rescheduled.
- MAX Technical Training may customize a student's training program and/or schedule when necessary in order to ensure the student is able to complete the training. This customization may occur due to:
  1. Employment – to accommodate a change in employment schedule.
  2. Short or Long Term Illness – a written doctor's note will be required.

3. Family Emergency – contact MAX Technical Training immediately & provide written documentation.
  4. Special Learning Needs – MAX Technical Training is committed to making its services accessible to most customers with disabilities who need them. We will work with customers and other third-party services to provide a reasonable accommodation to your needs.
- Students may initiate one schedule change request for training. Rescheduled training must be completed within one year of training start date. Requests must be submitted in writing with a Schedule Change Request form. Reschedules will automatically be for the next time the course is offered. An updated schedule will be sent to you in the mail.
  - Student attendance records are retained by MAX Technical Training and submitted to sponsoring agencies (if applicable) on a monthly basis.

### Standards for Satisfactory Progress

All courses at MAX Technical Training are taken on a satisfactory or unsatisfactory basis, the following items are necessary to achieve satisfactory progress:

- The requisite exercises for the student's specified training program must be independently completed and retained by MAX Technical Training
- **50% of sessions** scheduled must be attended per the attendance/rescheduling policy.

Issues or concerns regarding a student's progress will be addressed on an ongoing basis throughout their training program. A student not making satisfactory progress will meet with a designated school representative to create a plan of action to achieve satisfactory progress. A student that continues to make unsatisfactory progress is subject to suspension.

A suspended student may re-enter the program upon meeting specific requirements as determined by the school representative at the time of suspension.

### Retake Policy

MAX Technical Training allows students to retake a course if an extended absence occurs due to a documented illness/family emergency or employment factors. Students may also retake a course who met the criteria for satisfactory progress. All requests for retakes must be approved by the School Director. In order to retake a course, the following conditions must be met:

- The student is currently in good standing with MAX Technical Training.
- The student must retake the course the next time it is offered, or within three (3) months of completing their training program.
- The student must retake the same course that was previously taken and complete all requirements for the course.

- Space must be available and the student will be placed on a waitlist and notified one (1) week prior to start of course.
- The student agrees to pay a non-refundable administrative fee of \$60.
- The student must purchase current materials and courseware when required.
- Student must supply their own laptop.

## **Refund policy**

If you are enrolling as a private paying individual the following refund policy applies:

- A student who starts class and officially withdraws before the period is 15% completed will be obligated for 25% of the tuition.
- A student who starts class and officially withdraws after the period is 15% completed but before the period is 25% completed, will be obligated for 50% of the tuition.
- A student who starts class and officially withdraws after the period is 25% completed but before the period is 40% completed, will be obligated for 75% of the tuition.
- A student who starts class and officially withdraws after the period is 40% completed will not be entitled to a refund of the tuition.

An enrollment agreement or application may be canceled within five (5) calendar days after the date of signing provided the school is notified of the cancellation in writing. The school shall promptly refund in full all tuition fees paid pursuant to the enrollment agreement. The application fee is non-refundable. Such refund shall be made no later than thirty (30) days after cancellation.

In lieu of a refund, classes may be rescheduled according to the school's Cancellation/Rescheduling Policy.

## **Credit for previous education or training**

MAX Technical Training does not accept transfer credit. Students wishing to obtain advanced placement for prior experience may take an assessment test or provide proof of sufficient experience in the desired application and be placed accordingly to their demonstrated knowledge.

## **Student Aid**

MAX Technical Training does not accept federal or state aid.

## Grievance Procedures

A student has the right to seek a remedy for a dispute or disagreement through a designated complaint or grievance procedure. Students should use available informal means to have decisions reconsidered before filing a complaint or grievance. No retaliation of any kind shall be taken against a student for participation in a complaint or grievance. In effort to provide the highest quality services to our students, you are encouraged to report immediately any concerns regarding your training to the appropriate School personnel. Once a complaint has been submitted, you can expect a prompt response within one business day.

All student complaints should be first directed in writing to:

**Patricia Miller, School Director** at 4900 Parkway Dr., Suite 160, Cincinnati, OH 45040. Upon receipt, the School Director will conduct a formal review of the complaint and will attempt a timely resolution.

If no resolution is forthcoming, or the problem is not satisfactorily resolved, the student may direct any problem or complaint to the appropriate State Proprietary School Board as follows:

**Executive Director, State Board of Career Colleges and Schools**, 30 E. Broad Street, Suite 2481, Columbus, OH 43215, Phone (614) 466-2752 or (877) 275-4219.

## Emergency Procedures

In the event of an emergency, designated safety coordinators will be assisting in the necessary response and/or evacuation.

### Fire Alarm Evacuation Procedures

When you hear the fire alarm, safety coordinators will assist in any way necessary to complete the following evacuation procedures:

1. Evacuate the building immediately using the nearest exit.
2. The last person out of a room should close the door to create a fire stop.
3. Remain calm and walk to the West side of the building (Mason Montgomery Rd).
4. Stay together as a group and help each other as needed.

## **Response to Severe Storm or Tornado**

A weather radio is in the Administrative area of the facility. In the event of a severe thunderstorm warning, the designated safety coordinators and/or instructors will monitor the weather conditions to assure timely response to severe weather conditions. In all cases of a tornado warning, the safety coordinators and/or your instructors will assist you in the following evacuation procedures:

1. Proceed quickly and calmly to the center of the facility. Room A
2. Stay together as a group and help each other as needed.

MAX Technical Training considers the safety of staff and students to be of utmost importance. Health and Safety procedures and policies are in place for additional situations including infectious control, bomb threats, utility failures, hazmat, and violent or threatening situations as well as medical emergencies. Detailed procedures are posted and accessible in all locations. Facilities and transportation are continually inspected and monitored to reduce and prevent occurrences.

---

# BUSINESS SOFTWARE SPECIALIST

---

## Program Objective

The Business Software Specialist (BSS) program entails 6 -160 hours of instructor-led and computer-based training. This program will provide students with training in the most popular software packages used in corporate America. Students successfully completing the Business Software Specialist program will be proficient in basic computer skills as well as software used in a career-related field of their choice.

## Program Prerequisites

Prerequisites for this program include demonstrated knowledge of basic computing terminology and tasks, Windows operating systems, and file management. If a student lacks the prerequisite knowledge, these courses may be built into their training program. Completion of a skills assessment maybe required, as determined by school personnel

## Minimum Requirements for Certificate

To receive the Business Software Specialist Certificate, the student must successfully complete, test out, or receive a waiver for the following:

- Computer Basics
- Windows Essentials
- File Management
- Attend Elective Courses

## Program Length

The average student in the Business Software Specialist program could expect to attend 1-3 class sessions per week. On average, students complete this training program in approximately fourteen (14) weeks.

## Program Description

In addition to the instructor-led training, MAX Technical Training also provides its students with computer based tools to practice plus access to performance coaching.

## Areas of Emphasis

Students choose an area of emphasis consisting of elective courses related to their career objective. Emphasis areas include:

Emphasis Area
Administrative Professional
Accounting Professional
Graphics Professional
Web Design Professional
General Applications Professional

Examples of *elective* courses are listed below:

Course Title
Word
Excel
PowerPoint
Access
Publisher
Outlook

Course Title
QuickBooks
SharePoint for the End User
Photoshop
Dreamweaver

### Program Tuition & Fees

Since most students entering the BSS program require similar proficiencies, we are able to group individuals together into a *classroom* environment, thus decreasing the cost per student. MTT refers to this standard group of classes as *Core*. However, individuals whose needs fall outside of the *core* program are trained in a customized setting focusing on proficiencies necessary to their career objective. MTT refers to those specific hours of training as *JIT* (Just In Time).

## Business Software Specialist

### Sample Student Recommendations

Course	Class Hours
Microsoft 2010/2013/2016 Word – Levels 1, 2, 3 – with Certification	19 1/2
Microsoft 2010/2013/2016 Excel – Levels 1, 2, 3 – with Certification	19 1/2
Microsoft 2010/2013/2016 PowerPoint – Levels 1,2 – with Certification	13
Microsoft 2010/2013/2016 Outlook – Levels 1,2	13
Microsoft 2010/2013/2016 Access – Levels 1,2	13
SharePoint for the End User	6 1/2
MS Project 2010/2013/2016 – Level 1, 2	13
Adobe InDesign Level 1,2	13
<b>TOTAL HOURS</b>	<b>104</b>

### Graduation Requirements

Upon completion of your training sessions, you will have thirty (30) days to complete 75% of required classroom work and/or lab assignments in order to receive your certificate. If you are on a certification path, you will have ninety (90) days to complete any remaining certification exams. During this time period you will continue to have access to certification preparation tools provided in training package.

In addition, MAX Technical Training must receive the following materials from the student prior to issuance of certificates and transcripts:

- Payment of all applicable fees
- Proof that minimum program requirements have been met
- Completed requisite exercises

---

# PC SUPPORT SPECIALIST

---

## Program Objective

The *PC Support Specialist* (PCSS) program entails approximately 30 to 130 hours of instructor-led and computer-based training. This technical training, coupled with previous software experience, allows the individual to broaden their range of job opportunities to positions such as Help Desk Support, Desk Side Support, Service Technician, IS Department Support, Network Technician, and others.

## Program Prerequisites

Prerequisites for this program include demonstrated knowledge of basic computing terminology and tasks, exposure to Microsoft Windows operating systems, and file management. If a student lacks the prerequisite knowledge, these courses may be built into their training program.

## Minimum Requirements for Certificate

In order to receive the PC Support Specialist Certificate, the student must successfully complete training for, test out, or receive a waiver for the following:

- 2 technical courses (i.e., A+ Core and Operating Systems, Network+, or Windows 2000)

## Program Length

The average student in the PC Support Specialist program could expect to attend 1-5 class sessions per week. On average, students complete this training program in approximately 1-25 weeks.

## Program Description

In addition to the instructor-led training, MAX Technical Training also provides its students *supervised lab activities in class*. Supervised lab activities in class provide an environment in which students can practice the proficiencies learned with direct supervision by a qualified instructor.

The *elective* course(s) is recommended on an individual basis based upon the student's career objective. Examples of *elective* courses are listed below:

Course Title
A+
Network+
Security+
Linux+

## Program Tuition & Fees

Since most students entering the PCSS program require similar proficiencies, we are able to group individuals together into a *classroom* environment, thus decreasing the cost per student. MAX Technical Training refers to this standard group of classes as *Core*. However, individuals whose needs fall outside of the *core* program are trained in a customized setting focusing on proficiencies necessary to their career objective. MAX Technical Training refers to those specific hours of training as *JIT* (Just In Time).

## **PC Support Specialist**

Sample Student Recommendations (pick 2)

<b>Course</b>	<b>Class Hours</b>	<b>Cost</b>
A+ Essentials & A+ IT Technician	32.5	\$2500.00
Network+	32.5	\$2500.00
Security+	32.5	\$2500.00
Linux+	32.5	\$2500.00
<b>TOTAL HOURS</b>	<b>130</b>	<b>\$7500.00</b>

## Graduation Requirements

Students are required to attend required training for all classes in program in order to receive your certificate.

In addition, MAX Technical Training must receive the following materials from the student prior to issuance of certificates and transcripts:

- Payment of all applicable fees
- Proof that minimum program requirements have been met
- Completed requisite exercises

---

# JAVA DEVELOPER BOOTCAMP

---

## Program Objective

Teach individuals who may have little or no programming experience how to become an entry-level, front- and back-end programmer and be placed in a related job through this ten (11) week immersion bootcamp.

## Program Prerequisites

- Research your chosen career goal using O\*Net Online and the USDL data;
- Take the Applied Math Work Keys assessment and achieve a minimum score of six (6);
- Meet with MAX's career manager to discuss your career;
- Take a computer programmer aptitude;
- Complete all required paperwork by date defined by MAX Career Manager;
- Basic Computer Knowledge

## Program Length

Program is eleven (11) weeks long, Monday through Friday.

## Program Description

In addition to the instructor-led training, MAX Technical Training also provides its students with computer-based tools to practice their newly-learned skills plus job placement assistance.

## Program Outline

- Getting Started with an IDE
- Essential Java Skills
- OO Programming & More Java Skills
- Data Access Programming
- Advanced Java – Threads
- Java 8, Lambdas, Generics
- Project Planning
- TDD with junit
- Continuous Integration Services
- Modern HTML & CSS
- JavaScript & Tools
- Java Tools for Generating Dynamic Web Content
- Advanced JavaScript Tools
- Advanced GIT

- Professional Scrum Master
- Dependency Injection Tools
- Job Search Readiness Training

### Graduation Requirements

Upon completion of your training sessions, you will have thirty (30) days to complete 80% of required classroom work, exercises and projects.

### Titles

- Computer Programmer
- Computer Systems Analyst
- Java Developer

---

# **.NET DEVELOPER BOOTCAMP**

---

## Program Objective

Teach individuals who may have little or no programming experience how to become an entry-level, front- and back-end software developer and be placed in a related job through this eleven (11) week immersion bootcamp.

## Program Prerequisites

- Research your chosen career goal using O\*Net Online and the USDL data;
- Take the Applied Math Work Keys assessment and achieve a minimum score of six (6);
- Meet with MAX's career manager to discuss your career;
- Take a computer programmer aptitude;
- Complete all required paperwork by date defined by MAX Career Manager;
- Basic Computer knowledge

## Program Length

Program is eleven (11) weeks long, Monday through Friday.

## Program Description

In addition to the instructor-led training, MAX Technical Training also provides its students with computer-based tools to practice their newly learned skills plus job placement assistance.

## Program Outline

- Introduction to development: pseudo code, logic, agile development concepts and tools
- HTML 5 and CSS
- JavaScript, including JavaScript libraries, jQuery, and AngularJS
- SQL Server databases and T-SQL
- C#
- NET MVC, Razor
- NET and Entity Framework
- XML
- Web Services
- Job Search Readiness Training

## Graduation Requirements

Upon completion of your training sessions, you will have thirty (30) days to complete 80% of required classroom work, exercises and projects.

## Titles

- Web Developer
- Computer Programmer
- Software Developer
- Database Administrator
- Software Applications Tester
- Quality Assurance

---

# MICROSOFT CERTIFIED SOLUTIONS ASSOCIATE

---

## Program Objective:

The Microsoft Certifications program entails approximately 32 to 98 hours of instructor-led and computer-based training. This technical training, coupled with previous software experience, allows the individual to broaden their range of job opportunities to positions such as Software Developer, Computer Programmer, Web Developer, and Database Administrator.

## Program Prerequisites:

Prerequisites for this program include demonstrated knowledge of basic computing terminology and tasks, exposure to Microsoft Windows operating systems, and file management. If a student lacks the prerequisite knowledge, these courses may be built into their training program.

Students must also meet the prerequisites set for each individual course.

## Program Length:

The average student in the Microsoft Certification program could expect to attend 1 class per week. On average, students complete this training program in approximately 1-25 weeks.

## Program description:

In addition to the instructor-led training, MAX Technical Training also provides its students *supervised lab activities in class*. Supervised lab activities in class provide an environment in which students can practice the proficiencies learned with direct supervision by a qualified instructor. Students are not required to choose all the courses listed in the program but will need to choose a certification path based on their career goals.

## Microsoft Certified Solutions Associate:

The course(s) is recommended on an individual basis based upon the student's career objective. Examples of courses are listed below (student will need to choose 1 to 3 courses within the same MS technology):

Course Title
Querying MS SQL Server
Administering a SQL Server Database
Implementing Data Warehouses with MS SQL Server
Installing and Configuring Windows Server
Administering Windows Server
Configuring Advanced Windows Server
Managing Office 365 Identities and Services
Installing and Configuring Windows 10
Deploying and Managing Windows 10 Using Enterprise Services

### Graduation Requirements

Upon completion of your training sessions, you will have 30 days to complete 80% of required classroom work, exercises and projects.

### Titles

Web Developer	Database Administrator	Software Applications Tester
Quality Assurance	Software Developer	Computer Programmer

---

# MICROSOFT CERTIFIED SOLUTIONS DEVELOPER

---

## Program Objective:

The Microsoft Certifications program entails approximately 97.50 to 130 hours of instructor-led and computer-based training. This technical training, coupled with previous software experience, allows the individual to broaden their range of job opportunities to positions such as Software Developer and Web Developer.

## Program Prerequisites:

Prerequisites for this program include demonstrated knowledge of basic computing terminology and tasks, exposure to Microsoft Windows operating systems, and file management. If a student lacks the prerequisite knowledge, these courses may be built into their training program.

Students must also meet the prerequisites set for each individual course.

## Program Length:

The average student in the Microsoft Certification program could expect to attend 1 class per week. On average, students complete this training program in approximately 1-25 weeks.

## Program description:

In addition to the instructor-led training, MAX Technical Training also provides its students *supervised lab activities in class*. Supervised lab activities in class provide an environment in which students can practice the proficiencies learned with direct supervision by a qualified instructor. Students are not required to choose all the courses listed in the program but will choose a certification path based on their career goals.

## Microsoft Certificate Solutions Developer:

The course(s) is recommended on an individual basis based upon the student's career objective. Examples of courses are listed below (student will need to choose 3 to 4 courses within the same MS technology):

Course Title
Programming in HTML5 with JavaScript and CSS3
Developing ASP.NET MVC 4 Web Applications
Developing Windows Azure and Web Services
Developing Microsoft SharePoint Server Core Solutions
Developing Microsoft SharePoint Server Advanced Solutions
Developing Microsoft Azure Solutions
Implementing Microsoft Azure Infrastructure Solutions

### Graduation Requirements

Upon completion of your training sessions, you will have thirty (30) days to complete 80% of required classroom work, exercises and projects.

### Titles

Web Developer	Database Administrator	Software Applications Tester
Quality Assurance	Software Developer	Computer Programmer

---

# MICROSOFT CERTIFIED SOLUTIONS EXPERT

---

## Program Objective:

The Microsoft Certifications program entails approximately 65 to 130 hours of instructor-led and computer-based training. This technical training, coupled with previous software experience, allows the individual to broaden their range of job opportunities to positions such as Software Developer, Computer Programmer, Web Developer, and Database Administrator.

## Program Prerequisites:

Prerequisites for this program include demonstrated knowledge of basic computing terminology and tasks, exposure to Microsoft Windows operating systems, and file management. If a student lacks the prerequisite knowledge, these courses may be built into their training program. Students must also meet the prerequisites set for each individual course.

## Program Length:

The average student in the Microsoft Certification program could expect to attend one (1) class per week. On average, students complete this training program in approximately one (1) to twenty-five (25) weeks.

## Program description:

In addition to the instructor-led training, MAX Technical Training also provides its students *supervised lab activities in class*. Supervised lab activities in class provide an environment in which students can practice the proficiencies learned with direct supervision by a qualified instructor. Students are not required to choose all the courses listed in the program but will choose a certification path based on their career goals.

## Microsoft Certified Solutions Expert:

The course(s) is recommended on an individual basis based upon the student's career objective. Examples of courses are listed below (student will need to choose 2-4 courses within the same MS technology after completing the corresponding MCSA program):

Course Title
Developing SQL Server Databases
Designing a Data Solution with MS SQL Server
Implementing Data Models and Reports with MS SQL Server
Designing Self-Service Business Intelligence and Big Data Solutions
Designing and Implementing a Server Infrastructure
Implementing an Advanced Server Infrastructure
Monitoring and Operating a Private Cloud
Configuring and Deploying a Private Cloud
Deploying Windows Desktops and Enterprise Applications

Administering System Center Configuration Manager and Intune
Core Solutions of Microsoft Skype for Business 2015

### Graduation Requirements

Upon completion of your training sessions, you will have thirty (30) days to complete 80% of required classroom work, exercises and projects.

### Titles

Web Developer	Database Administrator	Software Applications Tester
Quality Assurance	Software Developer	Computer Programmer
