

WIOA IT LEADER

PROJECT MANAGERS AND IT LEADERS

This group of professional IT skills will prepare the IT professional for current and up to date methodologies and processes needed by IT leaders. Agile has quickly become one of the most popular and practical ways to create outstanding software. Organizations doing a DevOps culture and practices are able to deliver high-quality software faster which means the business can deliver value to customers faster.

PROGRAM CERTIFICATION

ITIL 4 Foundation Certification.

COURSES

■ AGILE SCRUM SIMULATION WORKSHOP

This workshop puts the Agile team through their paces, by showing them how to conduct the five (5) Scrum ceremonies while simulating key activities within a sprint, all while using their own project as a case study for the exercises. The Agile Scrum team will get to experience the leading Scrum methodology, by using hands-on exercises and testing the basic premise and techniques behind agility.

■ DEVOPS FOUNDATION

The DevOps Foundation course introduces DevOps – the cultural and professional movement that stresses communication, collaboration, integration, and automation in order to improve the flow of work between software developers and IT operations professionals. With DevOps, your improved workflows will result in an improved ability to design, develop, deploy, and operate software and services.

■ ITIL 4 FOUNDATION

In this ITIL 4 Foundation course, we explore the evolution of ITIL from its previous version to ITIL 4, integrating contemporary methodologies like Agile, Lean, and DevOps. Our curriculum provides a deep dive into the foundational elements of ITIL 4 Foundation, showcasing their relevance and application in today's fast-paced IT environments.

■ STRENGTHSFINDER WORKSHOP

Using the Gallup Strengths online assessment, each participant will complete the evaluation to identify their top 5 natural strengths. Once strengths are discovered, explained and validated by interactive exercises attendees will know how to leverage their natural strengths to contribute to the success of the organization's team.
